MEETING OF ENVOYS

THOSE OF RUSSIA AND JAPAN TO BE INTRODUCED BY PRESIDENT ROOSEVELT.

ON THE CRUISER MAYFLOWER

RECEPTION WILL BE ACCOMPANIED BY DEMONSTRATION IN HONOR OF GUESTS.

Oyster Bay, Aug. 5.—Final arrangements were completed Friday night for the reception by President Roosevelt of the Russian and Japanese peace envoys Saturday. The reception, which will be a formal greeting to the representatives of the belligerent powers by President Roosevelt on behalf of the United States government, will take place on the cruiser Mayflower, the finest vessel of her class in the navy. It will take place at 1:30 p. m. and will be accompanied by a notable demonstration in honor of the distinguished guests of the country, who have been designated by their emperors as envoys to the Washington peace conference. The army and navy will combine in a cordial greeting to the plenipotentiaries and to facilitate in every possible way their mission to this country. Every honor due their rank will be paid to the envoys.

The cruiser Mayflower arrived here and cast anchor in the lower bay Friday. She is in command of Commander Cameron McR. Winslow, the president's naval aide, and carries a full complement of 250 men. Her interior furnishings are beautiful and she has been specially fitted for this occasion. The Sylph, the president's naval yacht, with Assistant Secretary of State Peirce and some guests invited by the envoys, will arrive during the day. Secretary Peirce, who in the absence of Secretary Root will represent the department of state, accompanied by his guests, will go on board the Mayflower probably about noon. He will be accompanied by Rear Admiral Charles D. Sigsbee, as a representative of the navy, and Major General Frederick D. Grant, commander of the Department of the East, as a representative of the army.

The Russian and Japanese plenipotentiaries and their suites will leave New York during the morning, the Japanese at 9 o'clock and the Russians at 10 o'clock, on board the sister cruisers Chattanooga and Tacoma. Thus they will not meet until they reach here and are formally presented by the president of the United States.

Presentation of Envoys.

President Roosevelt will go aboard the Mayflower at 1 o'clock. He will be greeted with a presidential salute of twenty-one guns from the Mayflower as he goes aboard and his pennant will be broken out at the foremast. As soon as his flag is displayed the Japanese plenipotentiaries and their suite will proceed to the Mayflower in launches from their cruisers. As they go over the side a salute of nineteen guns will be fired in their honor, the crew will dress ship and they will be received on deck by Commander Winslow and his officers in special full dress uniform. They will be escorted to the main cabin, where Assistant Secretary Peirce will present the envoys and each member of their suite to the president. Such exchanges as may be made at the time will be purely informal. At the conclusion of the ceremony the Russian plenipotentiaries, accompanied by their suite, will board the Mayflower and in the same informal manner be received and presented to the president. The envoys of the two powers will then be presented formally to one another, when every effort will be made by President Roosevelt and Assistant Secretary Peirce to render the ceremonies as natural and as easy as possible in order to eliminate any embarrassment. These ceremonies concluded, a luncheon will be served. In order to eliminate any unusual questions of precedence, the luncheon will be a buffet collation, and thus will be avoided the seating of the guests at table with the president. The party in attendance at the luncheon will number about twenty-five. Shortly after the luncheon President Roosevelt will take leave of the envoys and will return to shore in a launch.

From the Mayflower the Japanese envoys and their suite will be conveyed to the dispatch boat Dolphin, the Russian envoys and their suite remaining on the Mayflower. On these ships the two sets of envoys will be conveyed to Portsmouth, N. H., where the sessions of the peace conference are to be held.

Soon after the departure of the guests the Mayflower and Dolphin will weigh anchor and start on their journey, conveyed by the cruiser Galveston.

ENTERTAINED INFORMALLY.

Russian Peace Envoys Call on President Roosevelt.

Oyster Bay, L. I., Aug. 5.—President and Mrs. Roosevelt Friday informally entertained Sergius Witte and Baron Rosen, the Russian emperor's plenipotentiaries to the peace conference. The distinguished visitors arrived in Oyster Bay on the 12:30 p. m. Long Island railway train from New York. They occupied on the journey a special parlor car which had been attached to the train for their exclusive use.

Detectives Downing and Foy of New York and George Burns, a United States secret service officer, accompanied the envoys as guards.

At Oyster Bay the envoys were met by messengers from the president's household and were driven rapidly in a carriage to the president's home in time for luncheon. President Roosevelt gave M. Witte, who was presented to him by Ambassador Rosen, a most cordial greeting and they chatted informally and animatedly before the luncheon was announced.

A number of photographers annoyed the envoys at the Oyster Bay station and on complaint of Baron Rosen to President Roosevelt the latter sent secret service agents to see that the annoyance was not repeated when the envoys took the train for New York. While some pictures were taken at the station on their return, the envoys were subjected to no jostling or inconvenience.

It was the desire of Mr. Witte to pay his respects to President Roosevelt before the formal reception of the envoys. That his visit was of some significance is, perhaps, beyond doubt, but positive assurance is given that it did not differ materially from that of Baron Komura last week. The subject of the pending peace negotiations was discussed generally, but beyond that no statement concerning the conference was made.

ON VERGE OF BATTLE

HOSTILE FORCES SOUTH OF THE TUMEN RIVER IN KOREA ABOUT TO CLASH.

Tokio, Aug. 5.—It is reported that the advance guards of the hostile forces south of the Tumen river are within rifle range. An early conflict is regarded as inevitable.

Godzyadani, Manchuria, Aug. 5.—Dispatches received from Korea report that the Japanese have begun a simultaneous advance from Kuanchodori against the Musariet and Piatsabang passes, but that both columns were checked under pressure of the Russian advance detachments. The Russian losses, the dispatches say, were insignificant.

Japanese warships are reported to be cruising off the mouth of Peter the Great bay, on which Vladivostok is situated, their lights often being visible from Russian island.

London, Aug. 5.—The Daily Telegraph's Japanese correspondent at Moji comments upon the tremendous extent of General Linevitch's command, including as it does Vladivostok and Northern Korea, and doubts the Russian general's ability to have effective control of such a far extended line, which is unprecedented in the history of the world. He declares that the coming battle, unless it is averted by peace negotiations, will be on such a gigantic scale as to decide the war once and for all.

RELIEVES RUSSIAN MINDS.

Muscovites Feared Peace Conference Might Open on Monday.

St. Petersburg, Aug. 5.—The selection of Tuesday as the day for the opening of the Russo-Japanese peace conference has relieved the minds of many Russians, who feared that the conference might begin on Monday, which to the Muscovites is a day of evil omen. Definite information as to the nature of the Japanese terms is not expected before Thursday, as the exchange and verification of credentials and other formalities, it is expected, will consume two days.

DETAILS OF SURRENDER.

Japs Captured Over Three Thousand Russians on Sakhalin Island.

Tokio, Aug. 5.—A report giving details of the final pursuit and surrender of the majority of the Russian garrison on Sakhalin island has been received here. It shows that the Russian governor general, Liapoff, 70 officers and 3,200 men surrendered to the Japanese, with all the maps, records, supplies, etc., of the Russian forces and administration.

Attempt to Assassinate a Governor.

Atkarsa, Russia, Aug. 5.—An attempt was made Friday to assassinate M. Stolepine, the governor of Ataroff, while he was driving. Three shots were fired at him, but without effect.

Planning Wisely for Christmas

Said one of our patrons, who has been using Richardson's silks: "I have a scheme for several of my Christmas gifts. I have saved the small tickets from each skein I have used and by consulting my Richardson premium list, I find that I can exchange the tickets for all linen centerpieces. These I shall work for Christmas."

Quite a scheme isn't it? Save the tickets from each skein, and inquire at our counters for a premium book which will give you the value of the tickets. You will find them of value sufficient to take the trouble to save them.

We sell Richardson's and Corticelli Silk 4c the skein.

TO STAMP OUT FEVER

OFFICIALS OF NEW ORLEANS AND LOUISIANA NOW SEEKING FEDERAL AID.

SITUATION GROWS ALARMING

PEOPLE OF THE SOUTH FRIGHTENED OVER THE PROGRESS OF THE PLAGUE.

New Orleans, Aug. 5.—With no intention of admitting the fever situation to be beyond control, but in the hope of reviving confidence here and elsewhere in the South, officials and business interests decided Friday to send a request to President Roosevelt to have the United States government assume full charge of the struggle now in progress to wipe out yellow fever from New Orleans and Louisiana. The public approves the action taken. Expectation is that within the next two days Surgeon General Wyman, with all the resources of the government, will be enlisted actively in the campaign. The action was the result of a meeting held late Friday at the Cotton Exchange. President Abrillon presided. All of those present participated in the discussion. It was the consensus of opinion that if government control was resolved upon there would be an immediate restoration of confidence throughout Louisiana and the other states in the South where there had been criticism of the local authorities for not sooner making public the existence of the fever.

When the local officials first took charge of the situation it was confidentially hoped that the fever could be stamped with a reasonable delay, but the progress has not been as expected and so frightened have become the people in the South over the increase in the number of cases that New Orleans is threatened with a serious paralysis of her trade by reason of the radical quarantines that have been established.

Blanchard Informed of Action. Immediately after the meeting a telegram signed by the mayor and other interests represented was addressed to Governor Blanchard telling him of the action taken.

Hundreds of people are temporarily moving out of New Orleans into St. Tammany parish. The parish has refused to put on a quarantine and has opened its doors to all refugees. That

is due to the fact that a case of yellow fever has never developed there even in the most serious epidemics here. Cases have been taken to the parish, but whether the patient died or recovered there has never been any extension of the infection. The reason for the immunity of St. Tammany is that the stegomyia has never existed there.

Following is the yellow fever report for Friday up to 6 p. m.: New cases, 43; total cases to date, 475; deaths, 5; total deaths to date, 89; new sub-foci, 10; total sub-foci, 76. The record for Friday is a surprise, as many confidently looked for a larger number of new cases in view of Thursday's large report. There is a larger proportion of non-foreign names in Friday's list than has appeared yet and that is the only phase of the report that caused any uneasiness, for it shows that the disease is making its way among other elements of the community.

WYMAN TO TAKE CHARGE.

Directed by President Roosevelt to Comply With Blanchard's Request.

Washington, Aug. 5.—President Roosevelt Friday night forwarded to Surgeon General Wyman of the public health and marine hospital service a telegram from Governor Blanchard of Louisiana, requesting that the United States government take control of the yellow fever situation in New Orleans. The president directed the surgeon general to take every step in his power to meet the situation in New Orleans and to notify him what further action is advisable and possible for the federal authorities to take.

Dr. Wyman has acknowledged the president's telegram and will make a report to him Saturday.

Dr. Wyman will confer with Secretary Shaw, the surgeons in the marine hospital service, and others as to the best course to pursue on Governor Blanchard's request and on their conclusions. Dr. Wyman's report to the president will be based. There are several precedents of comparatively recent date, which warrant the government in taking charge of the whole yellow fever situation.

Three Girls Badly Injured.

Danville, Ind., Aug. 5.—Westbound Big Four passenger train No. 19 ran down a horse and buggy driven by the three daughters of Robert Westfield here Friday, fatally injuring two of the girls, one of whom died later, and severely injuring a third, instantly killing the horse and crushing the buggy to atoms.

Kills His Wife and Drowns Himself.

La Porte, Ind., Aug. 5.—David Reed of Hamlet, fifty years old, Friday shot and killed his wife and walked four miles to Kankakee river and drowned himself. No reason is known for the act except that his wife wanted to return to Michigan.

TRAIN KILLS THREE MEN.

Fourth Victim Is Seriously Injured in West Virginia.

Huntington, W. Va., Aug. 5.—The Guyandotte Valley passenger train, from Logan to this city, Friday killed three men and injured another. Frank Adkins was struck by the train shortly after leaving Logan while crossing the track and instantly killed. A companion was seriously injured.

George Assan, an aged farmer of Barboursville, was killed as the train reached that point. While the engine was returning to the roundhouse after reaching this city, George Seickel, who was walking on the track, was struck and instantly killed.

Outing of Minnesota Editors.

St. Paul, Aug. 5.—Final arrangements have been made for the annual outing of the Minnesota Editorial association, which will be taken Aug. 20 to 28 in a trip to the Iron Range and the Great Lakes. The programme includes a visit to the large mines on the range, including the Burt, Pool and Mahoning mines, in a special train of the Duluth, Missabe and Northern, and an excursion on the steamer Huronic to Port Arthur, Fort Williams, Sault Ste. Marie, Sarnia and Port Huron.

PROOF MADE BEFORE CLERK

Special Examiner Only Present to Hear Testimony Given Before the Clerk of District Court

THE DISPATCH was in error yesterday in stating that a special examiner was here yesterday to take evidence in final proofs of homestead entries. The examiner was here but proofs are now made before the clerk of the district court the same as in the past. Under the new ruling the examiner is present, but only to listen to the testimony. All business is transacted by the clerk. In contest hearings the examiner is not present at all. Parties interested should bear in mind that so far as they are concerned the hearings are before the clerk and all business is done through him.

HURT IN STAPLES YARD

James Cleary Had His Hand Crushed in the Switch Yards at Staples This Morning

James Cleary, a switchman in the Northern Pacific yards at Staples, had his hand crushed in a peculiar manner this morning. It was caught between the projecting ends of some lumber and the next car. A St. Paul freight was run around this way to bring him to the Northern Pacific sanitarium where it is thought it will not be necessary to amputate the hand.

Wins the Banner a Second Time

Brainerd Court, No. 1033, Court of Honor, has again won the state banner for making the biggest increase in membership in the Minnesota jurisdiction for the first half of the year of 1905. Although hard pressed by Minneapolis Rochester and St. Cloud, Brainerd was victorious for the second time.

All efforts will be put forth during the next semi-annual contest to win it the third time when, if successful, the Brainerd court will gain permanent possession of a handsome banner valued at \$100, considered by many the most handsome lodge trophy in the city.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave her relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At H. P. THE DOCTOR KNOWS.

He Is Not Deceived by the Story His Patient Tells Him.

It was late, the doctor's patients had either passed away or were mending, and he was sitting with a number of his acquaintances in a corner of the club room.

"It's a strenuous life we lead," droned the man of medicine, "with the grim side turned upmost as a rule, but now and then we get a laugh out of it—a laugh with the lid on, of course; we can't afford to show we're amused. I often wonder," he went on genially, "why some of you chaps ever send for a physician. You don't tell him the truth once in twenty times. You're in a bad way and you're sorry, and to hear you talk I'd think your mouths were cold storage boxes for butter. You suspect that lobster or a rich sauce you ate day before yesterday is at the bottom of the trouble. You know what's curled you up, and you're frightened out of a year's growth for fear I'll learn."

"Accordingly, instead of taking me into your confidence, you tell me an impossible story. And if I cross examine you closely and hedge you in you'll reluctantly admit that you've been somewhat indiscreet. You smoked four cigars Thursday and took six drinks. Doesn't it ever occur to you that I know by your flutters that you smoked from breakfast to bed and took sixteen drinks and six more for good measure?"

"If I were to believe you and dose you for your ailments as you describe them you'd never get well. Now and then I have to give you strychnine and nitroglycerin to restore the action of the heart, and to listen to you I might conclude that you'd had too much pink lee at a children's party."

"As I hinted, we doctors get some fun out of it, but what do you do it for? We were not always doctors, we haven't always taken the best care of ourselves, and we're not fools."—Providence Journal.

He who comes up to his own idea of greatness must always have had a very low standard of it in his mind.—Hazlitt.

ACCUSED OF STEALING

WEALTHY AND PROMINENT MILWAUKEE MAN IS INDICTED BY THE GRAND JURY.

CAUSED A BIG SENSATION

TRUE BILL AGAINST CHARLES F. PFISTER SURPRISED HIS FELLOW TOWNSMEN.

Milwaukee, Aug. 5.—Charles F. Pfister, one of the wealthiest and most prominent citizens of Milwaukee, was indicted by the grand jury of Milwaukee county Friday, charged with stealing \$14,000 belonging to the Wisconsin Rendering company of this city. At the same time indictments were returned against four others, the charge of bribery being alleged in three of the indictments and one of perjury. The list of persons for whom capiases were issued and the charges are as follows:

Charles F. Pfister, capitalist, one indictment, larceny.

John F. Dittmar, ex-supervisor, one indictment, bribery.

George F. Reichert, supervisor, one indictment embracing fourteen counts, bribery.

Barney A. Eaton, state senator, one indictment, bribery.

Frank F. Schultz, former newspaper reporter, one indictment, perjury.

The indictment against Mr. Pfister alleges that on March 30, 1901, the accused was bailee of a large sum of money, stated to be \$14,000, said amount being placed in his hands and deposited with him for the Wisconsin Rendering company for the purpose of obtaining for the Wisconsin Rendering company a large and valuable contract from the city of Milwaukee for the collecting, transporting and disposing of garbage, and if not so used and expended, to be returned to the Wisconsin Rendering company, and not having been used for the purpose aforesaid and whilst he was bailee of said sum, did unlawfully, feloniously and fraudulently steal, take and carry away and fraudulently convert the same to his own use.

Caused a Profound Sensation.

The indictment caused a profound sensation. Mr. Pfister is engaged in many of the biggest enterprises of Milwaukee. He is a director of one of the leading banks, owns a large interest in a big tannery, is proprietor of a large hotel and owns one of the leading newspapers of the city. Mr. Pfister issued the following statement:

"The charge, as I understand it, is that I misappropriated moneys entrusted to me by the Wisconsin Rendering company. The charge is absolutely false, and has no foundation whatever."

"About eight years ago, F. C. Gross, who was president of the Wisconsin Rendering company, placed money in my hands and I disbursed it years ago according to his directions. Over two years since the balance was paid over on Mr. Gross' order."

"No dissatisfaction was ever expressed to me by anyone, and this indictment is the first intimation I ever received from any person that anything remained unsettled, or that any claim whatever existed or was supposed to exist against me."

Mr. Pfister, who has been in ill health for several days, sent a certified check for \$10,000 to the clerk of the court for his appearance when needed.

The indictments against Reichert and Dittmar allege bribery in connection with county "deals."

Senator Eaton is charged with accepting a bribe in connection with a stationary engineer's bill in the legislature.

Friday night's batch of indictments makes the total number so far returned by the present grand jury 133. The jury has taken a recess until Aug. 22.

MRS. CARLISLE IS DEAD.

Wife of the Former Secretary of the Treasury Passes Away.

Babylon, L. I., Aug. 5.—Mrs. Mary J. Carlisle, wife of Former Secretary of the Treasury John G. Carlisle, died Friday at her country home in West Islip, after an illness of three weeks. She came here two months ago to spend the summer.

She was not in the best of health then and about three weeks ago peritonitis developed. With her when she died were her husband, her daughter-in-law, Mrs. William Carlisle, and her friend, Miss Hammond.

Thirty Strikers Killed.

St. Petersburg, Aug. 5.—An official account received here of the strike on the Novorossisk-Vlad-Kavkaz railway describes a sanguinary encounter between the troops and workmen who were attempting to prevent the departure of a mail train. One Cossack and thirty strikers were killed and twenty-two strikers were wounded.

Incensed at Officials.

Seattle, Wash., Aug. 5.—Advices received in this city from Nome by the steamer Ohio state that the people of Nome are up in arms against the government officials for their alleged illegal actions in filing upon mining claims, which are obtainable by relocation.

ARM BROKEN SKATING

Miss Marie A. Mooney Breaks Left Arm While Skating at Roller Rink Yesterday Afternoon.

It is pretty hot weather for skating accidents, but one occurred at the roller rink yesterday afternoon. Miss Marie A. Mooney, of 217 Gillis avenue, fell and fractured her left arm. She was taken to Camp & Thabes office and the fracture reduced, after which she was removed to her home.

RISEN FROM ITS RUINS

J. D. Vivian's New Carriage Repository is Completed and Stocked—Same Site as former Establishment which Burned Out Four Months Ago.

Minneapolis Tribune:—

A good example of the rapidity with which Minneapolis business men recover from the effect of loss is shown in the case of J. D. Vivian, the big Hennepin avenue carriage dealer. Only four months ago fire ruined his building and almost entirely destroyed his large stock of vehicles and harnesses, and now he is back again in the same place with a rebuilt and remodeled building and an immense new stock.

As it is now, Mr. Vivian has a first-class, up-to-date carriage repository, with any kind of a vehicle in stock the human mind could wish for—everything from a runabout to a brougham. In addition to vehicles, he carries a complete line of harness and all accessories.

Speaking to a Tribune reporter yesterday, Mr. Vivian said: "I have great faith in Minneapolis and in the northwest. I have been in business here a long time, and every year's business has shown a handsome increase over the preceding one. Of course my loss by fire retarded things a little, but I opened temporary quarters and my friends hunted me up. In rebuilding here I have made a number of changes in the arrangement of the interior for the sake of convenience, and in selecting my new stock I have bought with particular reference to quality. There is nothing in the building I can't back up with my own personal guarantee, or that I wouldn't just as soon use for myself. Everything being new, is necessarily up-to-date. The entire stock is true blue, pure gold and clean as a whistle."

Mr. Vivian extends a most cordial invitation to anyone interested in fine vehicles to call and inspect his stock. If you anticipate purchasing, he will be more than pleased to quote prices. Don't forget the name and number, J. D. Vivian, 731-733 Hennepin avenue, Minneapolis, Minn.

BOTH SIDES ARE CLAIMING THINGS

Northern Pacific Railway Officials Claim that Situation of Strike Here is Normal

FREIGHT IS BEING RECEIVED

Regularly Now, Notwithstanding It is Claimed by Operators There is no Movement

The strike situation so far as Brainerd is concerned is normal and it could hardly be told that there is a strike on it if it were not for the fact that the papers are full of news.

Inquiry at the Brainerd Grocery Company's warehouse discloses the fact that freight is being received here promptly. A carload of sugar only ordered a few days ago was on the track this morning.

A large shipment of fruit arrived this morning by express and it is understood that from now on the Northern Pacific will accept all perishable freight at St. Paul.

Other merchants in the city also report freight arriving on time and in good condition.

The most serious result in this vicinity is at Pillager and Motley. At these places both operators, who were also agents, walked out and there has been nothing doing at either point for days. The mail which was to have been delivered in the night time was not even taken care of and had to be brought to Brainerd and sent back by the day train so that the postmasters can take care of it.

Agent G. W. Mosier stated this morning that every office is now open between here and St. Paul except Rice's, but even there it is expected that there will be some one to take hold in a day or so.

The report that all freight has to be prepaid out of here is not so according to Agent Mosier. He says the only places on the Superior division where there is difficulty are Pillager and Motley.

The report that there was a night man here to take the place of Operator Engle who went out was not correct. The office at the Northern Pacific depot here is closed nights.

The effect of the big strike is really felt the worst farther west, in Montana and still further west. It is claimed by the company that this is due to the fact that it is more difficult to get men to go to work there than it is further east.

The operators are claiming that the strike is effective in that it is deterring traffic and hindering in a large degree the shipment of freight. It is a fact, as local conditions will show, that there were fewer traveling men in the city this week than for a long time. Some of them who make the city every week did not come at all, but went into St. Paul.

WALKER BUSINESS MEN

Take Action Regarding the High Water Which They Think is Detrimental to Their Interests

Walker has organized a commercial club. The step was prompted by the lax manner in which the government reservoir system is managed and it was found that the interests of Walker must be looked after to prevent further disaster. The club starts out with a membership of eighteen, and it is probable that the membership will be increased to fifty. Membership fee is \$1. Resolutions condemning the manner in which government dams are being managed were drawn up and passed by unanimous vote. The resolutions follow:

"Be it resolved by the Commercial club of the village of Walker, that a protest be entered against, and immediate steps be taken to terminate, the abuses of the reservoir system as exemplified in Leech lake during the present season.

"Whatever may be the interests saved, it would seem that the government dam is operated with an utter disregard for the welfare of the actual settlers who live in the vicinity of Leech lake. At the present time the water is so high that the hay meadows at Sucker Brook and Kabekona, owned by Indians and homesteaders, are destroyed; the banks of the beautiful lake are being washed out and in the village of Walker property adjoining the lake is being ruined, houses are washed into the lake, docks are flooded, and the water stands a foot deep in Michigan avenue. As if to add insult to injury, it is rumored that the government officials plan on a head of several feet more of water in Leech lake."

COUNTY PAYS DEPUTY

The Impression Conveyed that Sheriff Erickson Pays His Jailor is an Erroneous One

The impression that has gained ground that Sheriff O. P. Erickson pays his own jailer and deputy is a wrong one. The fact is that the jailor receives a county warrant each month for his services and Sheriff Erickson has nothing to do whatever with paying him.

A LABOR DAY CELEBRATION

Meeting of Trades and Labor Assembly will be Held Tonight To Discuss Question

COMES ON MONDAY SEPT. 4

Proposed to Have the Usual Celebration with Addresses And Program of Sports

Tonight there will be a meeting of the Trades and Labor Assembly and the Labor Day celebration will be the subject of discussion. There has not been very much talk yet about the celebration, but there is a feeling that one should be held as usual with a good program of sports, an industrial parade and a program of sports.

These celebrations have been the biggest thing of the kind in Brainerd during each year for a long time, and they are looked forward to with interest by laboring men everywhere.

The question as to whether the celebration will be held this year will be decided at the meeting to be held this evening.

Remember: Mankato Commercial College is the only Actual Business Training school in the Northwest.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at H. P. Dunn & Co.'s drug store; price 50c.

RATHER FIERCE STORM

Wind Blew and It Rained Torrents Last Evening about Five O'clock Causing Much Damage

Brainerd was threatened with a real bad storm last night about 5 o'clock and some anxiety was felt. A strong northwester came up and for a time the skies were black with clouds. It blew terrifically for a short time and then it rained in torrents. The wind did some damage here and there but nothing of a serious character. About the heaviest damage done was at the Imperial block where two large lights in the front were blown in.

The wind twisted things a little on the corner of Kingwood and Sixth streets but no damage was done. Several trouble calls were sent in to the central office of the telephone company. A converter at the rear of the Bane building burned out and the electric current ran along the line in a spectacular manner to the National hotel but the damage was slight.

After the wind had subsided some thunder and lightning held sway for a time and during this spell a little girl who was near the J. M. Gray livery stable imagined that she had been struck and fainted away. She was carried to her home and soon recovered her equilibrium.

Telephone communication was badly crippled and men were at work until late at night putting the line to the pump house in order.

A vacant house at 824 south Fourth street was struck and the roof badly damaged. A family had moved out only a day or so previous.

There was some rain and a little hail in the latter part of the evening and some nasty looking clouds, but the storm seemed to pass south of the city.

Cures dizzy spells, tired feeling, stomach; kidney and liver troubles. Makes you well and keeps you well. That's what Hollister's Rocky Mountain Tea will do. 35 cents, tea or tablets. H. P. Dunn & Co.

BIG EXCURSIONS TOMORROW

Running to Walker on the Minnesota & International and the Great Northern Railways

There will be a big time at Walker tomorrow and the town will be overrun with people. There will be a big excursion running from Northome down to Walker and another will run from St. Cloud to Walker on the Great Northern. There will be ball games, log rolling contests and a full program of sports. A number went to Walker from here this afternoon to spend Sunday.

LABOR MEN TO HELP

Labor Commissioner Williams Appeals to The Unions of the Twin Cities to Assist in Matter

Labor Commissioner W. H. Williams is actively engaged in an effort to interest the labor organizations of the twin cities in the raising of funds to aid the flood sufferers in Aitkin county. He appeared before the last meeting of the St. Paul trades assembly and told of the

conditions existing among those who live in the flood district, and urged the delegates to present the matter to the various organizations with a request that subscriptions be taken among the membership.

Mr. Williams was present at the meeting of the Federation council last week and brought the matter up there. A committee has been appointed by the trades assembly of St. Paul to handle the collection of funds, and John F. Krieger has been selected as treasurer.

IMPROVE AS CROPS MATURE.

Trade and Industry Far Better Than Usual.

New York, Aug. 5.—Bradstreet's weekly review of trade says trade and industry improve as crops mature. Fall business, while not yet in full swing, shows signs of expansion and Western trade opens a week earlier than last year. Weather conditions have favored crop growth and harvesting; fear of rust damage to spring wheat has disappeared, corn promises a record yield and both demand and collections have improved as the result of early wheat crop movement in the Southwest. Midsummer quiet, so-called, is less than ordinarily manifest this year in trade, industry and financial operations. Bank clearings for July break all records for that month, failures are strikingly few for a normally dull period and railway earnings show progressive gains on the best summers of previous years, with an increase of 8 per cent over July, 1904, the fiscal year showing 5 per cent advance in gross and 4 per cent gain in net over the preceding year. The textile markets all display notable strength. Best trade reports come from the Southwestern sections where the new winter wheat crop has been good and is moving freely. In the Northwest trade sentiment is stronger, now that rust damage is no longer feared. Trade in the South is irregular, Mississippi valley shotgun quarantines affect demand and shipment, but in the South Atlantic states and in the industrial centers the feeling is quite cheerful and fall business is looking up.

TELEGRAPHIC BREVITIES.

Boston instead of Paterson, N. J., has been selected as the meeting place of this year's international congress of anarchists.

Orencia Modarse, moderate, was Friday elected mayor of Havana by the city council by one vote over Acting Mayor Bonachea.

Russell Sage celebrated his eighty-ninth birthday Friday by remaining away from his office for the first time, spending the day quietly at his country home on Long Island.

Daniel Ferguson, seven years old, was run down by a street car at St. Paul Friday and killed. The boy's body was badly mutilated and crushed, the trucks of the car severing the body at the abdomen.

Peculiar Disappearance.

J. D. Runyan, of Butteville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at H. P. Dunn & Co.'s drug store, price 25c.

Creating the Fashions.

Who sets the fashions? Sometimes an original idea emanates from a humble workwoman, and after fusion in the brain and improvements and suggestions given by the great autocrat it emerges, Minerva-like, in full panoply, complete and victorious. Numbers of diligent seekers, a horde of assistants, voluminous notes, sketches, ideas, are pressed into the service. Artists lend their willing services, while the sartorial adept combines, exaggerates, alters old modes, culling, like the bee, flowers of fancy here and there until the bright vision of beauty is realized and the forthcoming styles are decided on.—London Graphic.

Costly Correspondence.

"I see that a letter supposed to have been written by Henry VIII. has just brought \$2,000."

"That's nothing. A letter of mine just brought \$10,000."

"Indeed?"

"Yes; to a girl who sued me for breach of promise."—Louisville Courier-Journal.

Piles

In order to prove to you that Dr. A. W. Chase's Ointment is a certain and absolute cure for any form of itching, bleeding, or protruding piles, the manufacturers guarantee a cure. You can use it and if not cured get your money back. Mr. Casper Kuhn, laborer, Michigan City, Ind., says: "I work hard and lift a great deal. The strain, night on an attack of piles. They itched and they protruded and bled. Nothing helped me until I used Dr. A. W. Chase's Ointment. It cured them." 50c. a box at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

REPORTS ON STRIKE

THOSE OF RAILROAD OFFICIALS AND LABOR LEADERS DO NOT AGREE.

St. Paul, Aug. 5.—Conflicting reports marked Friday's developments in the strike of the telegraphers on the Great Northern and the Northern Pacific lines, and statements issued by President Perham clash sharply with those of the railway managers. The strikers have not yet been able to tie up the traffic of either line, and operating chiefs of both railways are confident and are rushing men forward to fill vacant posts with all possible speed.

President Perham of the telegraphers entered a sharp denial of the report that one of his North Dakota chairmen had returned to work, taking with him many of the strikers. This was met early Friday night by an official statement from the Great Northern, given by General Superintendent Slade, who said:

"Strikers are manifesting considerable dissatisfaction at numerous Great Northern points over the manner in which the strike was called, and we are receiving many applications from men who wish to return to work. The local strike chairman on a division which includes 400 miles of line Thursday wired his resignation to President Perham of the strikers and returned to work. President Perham, I understand, denies this. This man is at work today, and his action has resulted in the return of a large number of men whom he represented as chairman."

"Today's reports show an improvement of conditions on the Great Northern. Stations are being reopened and in many districts the situation is practically normal again."

Reports from leading St. Paul and Minneapolis commission houses Friday showed that shipments of perishable freight are being made over the Great Northern and Northern Pacific. This is considered important by railroad managers, who assert that their ability to move fast freight is conclusive proof of the failure of President Perham to organize an effective strike or produce blockades.

But one case of violence was reported Friday. Superintendent Albee of the Northern Pacific's division reported that strikers had wrecked the station at Easton, and had assaulted the operator. The rioters were arrested and placed under \$200 bonds each.

General Manager H. J. Horn issued a statement for the Northern Pacific at noon in which he stated that passenger and freight service is successfully maintained on all divisions.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

TWO NEGROES LYNCHED.

Quietly Taken From Jail and Hanged by a Mississippi Mob.

Hattiesburg, Miss., Aug. 5.—J. G. Smith, city convict guard, was assassinated here Friday morning by two negroes of his gang, William Horn and Kid George. Horn made his escape but George was captured, together with a negro named Ed Lewis, alias Brock, who had struck the shackles from the murderers. They were placed in the city jail after Brock had been severely whipped to force him to tell where Horn had gone, but he refused. At 9 p. m. a mob gathered and quietly took the two negroes from the jail and hanged them to a bridge in the glare of the electric light. Brock fought and cursed the mob but George begged for his life. A posse is in pursuit of Horn.
